COVID-19/Coronavirus Announcement

Pacific Vascular is OPEN at All of Our Lab Locations

★Patient Health & Safety Message★

To protect your safety, and the safety of all of our outpatients and staff:

1. Your temperature will be taken upon arrival.
   o If you have a fever of 100.4, Pacific Vascular, Inc. (PVI) will ask you to exit and reschedule.

2. You will be asked if you have any COVID-19 symptoms or have been exposed to anyone with symptoms suspected of COVID-19 at time of scheduling and upon arrival.
   o If you answer yes to the following questions, then you will need to reschedule:
     o Do you have a cough, shortness of breath or fever?
     o Have you been in close proximity with someone who is currently sick with COVID-19 or other respiratory illness within the last 14 days?

3. Patients diagnosed with COVID-19 are not scheduled.
   o You may be scheduled after finishing your quarantine time and cleared by your medical provider.

4. Universal masking is required at all of our independently run PVI labs.
   o PVI technologists and care coordinators are required to wear masks in the labs and while scanning patients for the duration of their shift.
   o We will provide masks to all our patients and visitors upon arrival if they do not already have one of their own. Patients will wear masks in the waiting room as well as the duration of the exam.

5. Patients will be limited to one companion per visit.

6. Social distancing is practiced.
   o Stay 6 feet apart from other patients & visitors in the waiting room and hallways.

7. Extra surface cleaning is being implemented.
   o Approximately each hour, a PVI staff member will clean and disinfect patient care spaces, such as door handles, horizontal surfaces in the waiting area, the exam room, and other workspaces.
